# The First Batch of Madan Bhandari Academy of Health Sciences

### IN THIS ISSUE:

- Inauguration Ceremony
- Induction Welcome Day
- Orientation Week
- Visit by Dignitaries from MEC

### Heartly Welcome to MBAHS !

The MBAHS Newsletter team congratulates all incoming freshmen on this incredible milestone in their lives. It is an intellectual journey that you are about to embark on. Being a pioneer is tough and challenging, but calm seas do not make good sailors. We welcome you to a community where you will learn how to succeed in an increasingly interconnected and complex world of profession and community. Ultimately here, you will create memories, friendships, and mentorship with faculty and staff that will last a lifetime.

## THE FIRST INAUGURATION CEREMONY OF MBAHS CELEBRATED

### Addressed by Honorable KP Sharma Oli, Prime Minister of Nepal

The first Inauguration Ceremony of Madan Bhandari Academy of Health Sciences was successfully held at the hall of Motel Avocado on Asoj 14, 2078. About 150 guests, both outside the University and University-related, attended the ceremony. The programmes started with a wreath laying ceremony on Late Madan Bhandari. After an introductory speech by the Vice-Chancellor of the University, Prof. Dr. Bishwo Raj Joshi, the University Rector Prof. Dr. Satish Kumar Deo spoke about his high hope toward MBAHS's achievement. Registrar, Mr. Rajesh Prasai explained his design concept of establishing the best provincial academy. Honorable Dormani Paudel, the then Chancellor of MBAHS and Chief Minister of Bagmati Province gave warm and encouraging words. In his virtual address by Honorable Prime Minister KP Sharma Oli emphasized on education and health care for all and wished MBAHS good luck for its endeavor. Similarly, the first volume of journal, newsletter and prospectus was also unveiled at the event by Hon. Dormani Paudel. The programme ended with attendees visiting the academic complex, knowledge village and ended with high tea.

# Message from The Rector

**PROF. DR. SATISH KUMAR DEO**

MBAHS has been dedicated to the pursuit of knowledge in service of the community since its foundation, with a vision to reach the underserved, unreached, and uncared. I'd like to congratulate the MBAHS Newsletter team on the publication of the second volume of the newsletter, which will aid in highlighting and honing students' different skills and abilities. The newsletter will chronicle the many activities that occurred during the Academic Year 2078 BS. The MBAHS has been in operation for less than a year and half and has set its sights on contributing to the much-needed excellence in medical education. The academy's aim is to define the distinction between a humanitarian soul, a universal vision, and patriotism in action, and a group of dedicated academics in the academy is focused on carving a niche for this health science academy. This can only be accomplished with the active engagement of a dedicated student community that is full of enthusiasm and willing to go the additional mile.

**Congratulations** Prof. Dr. Jayendra Bajracharya for being promoted to the Professor. Prof. Dr. Bajracharya has maintained a highly recognised trajectory in the field of medical education in Nepal. He has been exemplary in his approach to teaching, with consistently positive feedback from students.

## INDUCTION WELCOME DAY

MBAHS organized Induction Welcome Day for its freshmen on 3rd December 2021. The welcoming remarks were presented by Vice Chancellor of MBAHS, Prof. Dr. Bishwa Raj Joshi. Dr. Satish Kumar Deo, Rector introduced students about the meaning of being a university student and shared pieces of advice to fellow students.

It was then followed by address from Mr. Rajesh Prasai, Registrar. The Chancellor of MBAHS, Honorable Rajendra Pandey, Chief Minister of Bagmati Province showered his insights to the leaders of tomorrow. He remembered his days with Late Madan Bhandari and inspired students to be selfless like him.

## BASIC LIFE SUPPORT TRAINING CONDUCTED

The basic life support training was imparted by Prof. Dr. Jayendra Bajracharya at the hall of the Research center, Kamane on November 8, 2021. “The objective of the BLS is to help reduce the death rate due to sudden cardiac arrest by successful resuscitation , within or outside the hospital. Having this basic knowledge can be helpful.” shared Prof. Dr. Bajracharya.

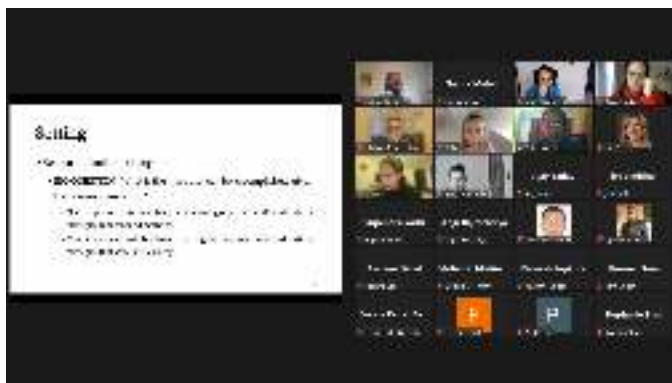

## RESEARCH METHODOLOGY SERIES CONCLUDED

A series of research methodology seminars was conducted from August 2021 to November 2021. The topics covered were generating hypotheses and objectives, sample size and sampling technique, data collection tools and techniques, data management and analysis etc.

## SYMPOSIUM ON CURRICULAR REDESIGN

An online symposium on “Re-imagining the foundations” - Curricular redesign of foundation year of a medical laboratory technology program using Kern’s six steps was conducted by Prof. Dr. Jayendra Bajracharya on Dec 14, 2021 as a joint-collaborative effort between MBAHS and Maastricht University, Netherlands.

In addition to these components, an introduction to library and examination was given as a support orientations to the students. About the event “This is their beginning of life at MBAHS ” says Prof. Dr. Bishwo Raj Joshi.

Events:

1. Workshop on Well Being by Aashma Dahal and Namra Kumar Mahato
2. Workshop on learning skills by Prof. Dr. Jayendra Bajracharya and Namra Kumar Mahato
3. Workshop on Financial Literacy by Biswash Sapkota
4. Workshop on Critical Thinking by Dr. Neeti Bhat
5. Workshop on Information, Communication and Technology by Sailendra Chaudhary

## ICH -GCP TRAINING COMPLETED

The faculties of MBAHS completed online training on Good Clinical Practice conducted by International Conference on Harmonisation . The Good Clinical Practice (GCP) Course is designed to prepare investigators for the conduct of clinical trials on human participants.

## ORIENTATION WEEK ORGANIZED

The orientation week for freshmen was held at MBAHS from 5th to 11th December 2021. The orientation programme began with briefing about MBAHS policies, The introductory sessions were followed by “life at MBAHS” orientation by Mrs. Aashma Dahal, which included a very short introduction about the academic environment of MBAHS. Mr. Sailendra Chaudhary gave a brief description about Hetauda to help new students acclimatize to life in Hetauda.

## MEC TEAM VISITS MBAHS

The executives from the Medical Education Commission ( MEC) visited MBAHS on 10th December, 2021 to check the status of facilities available at MBAHS for smooth running, including faculty and infrastructure. MEC officials included Prof. Dr. Dilip Sharma, Prof. Dr. Sangha Ratna Bajracharya, Dr. Ramesh Acharya. The team paid visits to the research center, academic complex (Nawalpur and Gauritar) and Hetauda Hospital. An evening programme was hosted consisting of cultural performances by the students.

## DIGI- MBAHS

MBAHS integrates Google technologies within the institution. Utilizing the Google workspace, it will provide an enhanced user experience that will aid in greater collaboration between faculty and students.

## TRAINING ON ETHICS IN HEALTH RESEARCH

As a part of the evolving team to create a superior research environment, a faculty and students development training on “Ethics in Health research” was conducted at MBAHS in collaboration with Nepal Health Research Council (NHRC). This was the first joint inhouse training to be organized at MBAHS together with an external partner. The keynote speakers

were: Prof. Dr. Mohan Sharma, HOD, Department of Neurosurgery , IOM ; Dr. Pradeep Gyawali, Member Secretary, NHRC; Dr. Meghnath Dhimal, Chief , Research section, NHRC.

## INSPECTION FOR INSTITUTIONAL REVIEW COMMITTEE

Nepal Health Research council conducted an institutional Review Committee inspection on 7th January for authorizing MBAHS to provide ethics clearance to research proposals and thus promote responsible conduct of health research . MBAHS hopes to become the first institute in Makwanpur to have its own Institutional Review Committee with members from different streams and backgrounds.

## Flipped Classroom

In a move toward active learning policies adopted by MBAHS, the Department of Clinical Physiology conducted flipped classroom teaching of the CB113 course on the integumentary system of the Applied Integrated Basic Sciences (AIBS) program.

## GUEST SPEAKER ON CLINICAL TRIAL

We had the privilege to have Dr. **Binod Sah**, Chairman and Managing Director of Meera Biotech Pvt Ltd, Kathmandu, Nepal amongst us as the first guest speaker of MBAHS on November 29, 2021. As an expert in Clinical trials, Dr. **Sah** shared his experiences on challenges of conducting clinical trials.

## ONLINE CLASSES DURING COVID

A coronavirus pandemic forced the academy to close down and MBAHS shifted to take classes online for a week. However, as the number of COVID cases began to decline, the physical classes were re-started. Thus, MBAHS continued to mentor the holistic development of its students, even in challenging times .

## JOURNAL CLUB

The first journal club of MBAHS was conducted at MBAHS. The presenter was Ms. Binita Ghimire, first year student of Bachelor of Pharmacy. The study she presented was Sleep quality and its correlates among undergraduate medical students in Nepal: A cross-sectional study. The session was attended by faculty members and students of MBAHS.

## PLASTIC SURGERY AND RECONSTRUCTION CAMP ORGANIZED

MBAHS organized Plastic Surgery and Reconstruction Camp at Hetauda Hospital in collaboration with Sushma Koirala Memorial Hospital, Sankhu. The clinicians were roped from SKMH, Sankhu for the camp.

## MBAHS HETAUDA HOSPITAL SCORES 63 ON MSS

The Ministry of Social Development, Bagmati Province assessed MBAHS HETAUDA HOSPITAL on readiness assessment tool ,Minimum Service Standard in partnership with Nick Simmons Institute. MBAHS HETAUDA HOSPITAL Scored 63 on the survey out of 100.

## WELCOMING NEW FACULTIES

MBAHS welcome new faculty members on board. The new faculty members bring unique backgrounds and qualities to the academy. Let's meet each of them briefly:

- Roshan Roy , Associate Professor, Department of Public Health
- Jyoti Mishal, Lecturer, Department of Laboratory Medicine
- Ajay Yadav, Lecturer, Department of Laboratory Medicine

Other faculty members from the clinical department who joined MBHAS are : Dr. Prashant Bidari , Dr. Lokesh Bhujel, Dr. Samjhana Phuyal and Dr. Suyogya Wagle.

## **SARASWATI PUJA OBSERVED**

The faculty and students of MBAHS gathered together on the auspicious day of Saraswati Puja to pray to the goddess of knowledge, music, art, and culture. It was a great effort from faculty members and students to make the event a memorable one and invoke the goddess of knowledge's blessings for a successful academic and career development. Prof. Dr. Satish Kumar Deo, Rector headed the puja ritual, ending the event by serving prasad to everyone present.

## **GUEST SPEAKER: MR. NIRUPAM KUMAR**

It was an absolute delight to have **Mr. Nirupam Kumar**, CEO of Xania Corporation, USA and Xania Health care Pvt Ltd , India to have been our guest speaker and Mr Sumit Shrestha. Mr. Kumar shared his wisdom on roles of pharmacist and the changing roles in dimensions of pharmacist.

## **MBAHS PARTICIPATED IN NATIONAL DIALOGUE FOR HEALTH ORGANIZED BY NATIONAL PLANNING COMMISSION**

Prof. Dr. Bishwa Raj Joshi, VC represented MBAHS as the representatives of the academies at the National Dialogue on Health organized by National Planning Commission. In a similar vein, Prof. Dr. Satish Kumar Deo, Rector moderated a panel discussion on "Planning, Financing and Political Commitment in the health sector" on 8th April.

Cardiology Camp was organized by MBAHS in collaboration with Shahid Gangalal National Heart Center, Bansbari on Ashwin 16, 2078 at Hetauda Hospital.

## MOU WITH PROVINCIAL HOSPITALS OF BAGMATI PROVINCE

MBAHS has done MoU with different provincial hospitals located within Bagmati Province. MoU has been done with **Trishuli Hospital, Nuwakot**; **Dhading Hospital, Dhading**; **Bakulahr Ratnanagar Hospital, Bakulahr**; and **Sindhuli Hospital, Sindhuli**. This MoU has given way out to MBAHS for students exchange and laboratory practice among these hospitals.

## STUDENTS PARTICIPATION IN TUBERCULOSIS DAY

Students of MBAHS participated in the Tuberculosis Day organized by the Health Ministry of Bagmati Province on 24th March, 2022. Students from Public Health, Pharmacy and Laboratory medicine strongly participated in the rally. The theme of World TB Day 2022 - 'Invest to End TB. Save Lives.' –conveys the urgent need to invest resources to ramp up the fight against TB and achieve the commitments to end TB made by global leaders.

## EXTRACURRICULAR ACTIVITIES

MBAHS has prioritized extracurricular activities as an important part of teaching learning activities. Every Friday after break students are allowed to conduct and participate in different activities. Students are involved in Quiz contests, poem competitions, chess competitions, badminton, football, cricket and other extracurricular activities.

## HOLI EVENT

Holi was celebrated at MBAHS Research center with full gaiety. Faculties and students smeared each other with colors and sprayed with water. While playing with colors, everyone also danced to the tunes of Holi songs played loud enough at the ground so that everyone could rejoice. Games such as hot potato and breaking the clay pot were played. The event ended with Holi savories such as Malpua and thandaai. Such events help to resolve the old arguments, cold relations, and any kind of barriers.

### **TRAININGS AND WORKSHOPS:**

1. Training Workshop on Ethics in Health Research- Two days, Organized by- Nepal Health Research Council. 2022. Attended by : **Bhat N, Karna N, Chaudhary SK, Chaudhary RK, Yadav T, Mahato NK, Sapkota B, Karki S, Dahal A**
2. Fundamentals of Teaching and Learning in the Health Professions- Online, Organized by- Interstate Postgraduate Medical Association (IPMA) and Osmosis. 2021. Attended by : **Bhat N, Karna N, Chaudhary SK, Chaudhary RK, Yadav T, Mahato NK, Sapkota B, Karki S, Dahal A**
3. How to Learn in Medical School- Online, Organized by- Osmosis University. 2021. Attended by : **Bhat N, Karna N, Chaudhary SK, Chaudhary RK, Yadav T, Mahato NK, Sapkota B, Karki S, Dahal A**
4. The-learning course on “ICH Good Clinical Practice E6 (R2)”, November 24, 2021 organized by Global Health Training Center. Completed by : **Bhat N, Karna N, Chaudhary SK, Chaudhary RK, Yadav T, Mahato NK, Sapkota B, Karki S, Dahal A**
5. **Mr. Supendra Karki** attended a training workshop on ethics in biomedical research and health research : perception and practices organized by NUCSER, NITTE University in 2021.
6. **Mr Supendra Karki** attended a workshop on operational research on climate sensitive health issues in Nepal organized by Nepal Health Research Council, 2021.
7. **Tapeshwar Yadav** actively participated, 3 days “BIOSAFETY MEASURES: PREVENTIVE MECHANISM IN HEALTH CARE SETTINGS”, from 29<sup>th</sup> – 32<sup>st</sup> August 2021, *Organized by KIST Medical College & Teaching Hospital, Lalitpur and supported by University Grant Commission (UGC), Nepal.*
8. **Sailendra Chaudhary** attended a webinar on “IVI’s 20<sup>th</sup> International Vaccinology Course”, from September 6-10, 2021

9. **Sailendra Chaudhary** attended a webinar on “LC Method Development and Problem Prevention for Pharmaceutical Methods-INDIA”, September 7, 2021 organized by elearning phenomenex
10. **Sailendra Chaudhary** participated online in National Workshop on Ethics in Biomedical and Health Research: Perception and Practice from 5-8th July, 2021 "Organized by NUCSER & DST NU-TEC"
11. **Sailendra Chaudhary** attended webinar on “ A new era of chromatography: Improve your accuracy, sensitivity and precision with redefined HPLC/UPLC system technologies”, June 16, 2021, from select Select science
12. **Bhat N, Karna A** completed [Fundamentals of Implementation Science](#), a course offered by University of Washington’s Department of Global Health, the Global Health E-Learning Program.
13. **Tapeshwar Yadav** actively participated, webinar on Neurofilament Light Chain (NFL), Troponin for the Brain: Measurement and application in multiple sclerosis & other neurological conditions, 2nd February 2022 organized by IFCC
14. **Tapeshwar Yadav** actively participated, webinar on Impact of SARC-CoV-2 variants & mutation on COVID-19 diagnostics, 16th February 2022 organized by IFCC
15. **Tapeshwar Yadav** actively participated, webinar on Mapping the human proteome using CRISPR-mediated fluorescence tagging, microscopy, mass spectrometry, and machine learning, 17th February 2022 organized by Select Science India

### **EDITORIAL BOARD MEMBER:**

1. **Tapeshwar Yadav**; Working as an Editorial Board Member for Life Research of TMR Publishing Group, Auckland, New Zealand from September 2021.

### **GRANTS:**

1. **Mr. Supendra Karki** won research grant funded by Nepal Health Research Council, 2078/79 on topic entitled “ Epidemiological Distribution of COVID-19 Patients in Home Isolation of Makwanpur District”
